UNITED

FILM FESTIVALS

The United Film Festivals are where art and creativity come together to create a united film community. Showcasing films which reflect a wide range of topics and experiences, the festival's focus is to bring together talented filmmakers from diverse backgrounds, thus creating a "United" showcase of creative energy and talent.

Every year we will be screening more films and an equal number of narratives & documentaries. All United packages will be available for the duration of the entire year. If a festival's submission deadline has elapsed, your submission will be rolled over into next year's festival.
