NEW YORK UNITED FILM FESTIVAL  
A UNITED SHOWCASE OF ART AND CREATIVITY  
OCTOBER 22nd - 28th, 2010  
COBBLE HILL CINEMAS 265 Court Street Brooklyn, NY 11231

New York, NY 8 September 2010 - *The New York United Film Festival*, bringing art and creativity together to create a united film community, is pleased to be returning for its fourth year in New York at Cobble Hill Cinemas October 22nd - 28th, 2010. The festival's focus is to bring together talented filmmakers from diverse backgrounds, thus creating a festival for everyone, a "United" showcase of creative energy and talent.

A Tulsa native filmmaker, Jason Connell and **Connell Creations** founded *The Tulsa United Film Festival* eight years ago. They released the heartwarming feature documentary *Strictly Background* in 2007, and are distributing the quirky fan favorite documentary *The Rock-afire Explosion* as well as *Divorcing God*, a thought-provoking documentary about love, marriage, and religion, which will have its New York premiere at this year's festival. *The United Film Festivals* expanded to include *Los Angeles & New York* in 2007 and *San Francisco, Chicago & London* in 2009. With this growth, the rich tradition of screening humorous, touching and provocative films will be open to new audiences. This is one film festival you won't want to miss!

**New York United** is proud to present an amazing list of Feature-Length Narratives and Documentaries. All films will be New York Premieres or Special Engagement Screenings, and will be preceded by a few Award-Winning Short Films.

Opening our festival is the quirky love story, *Colin Hearts Kay*, in which a Brooklyn cartoonist tries desperately to win back his girlfriend by dragging her into the illustrated world of his cartoons. The documentary *Seeking Happily Ever After* asks if women can live their lives happily after all without finding their Prince Charming to marry. Monday's screenings take us "Behind the Scenes" with and *CleanFlix*, a chronicling of the battle between Hollywood filmmakers and video stores in Utah who elected to "sanitize" their films without permission, and *Official Rejection* which documents the pitfalls and triumphs of a group of filmmakers on the film festival circuit. Our closing night features *Eat the Sun*, an intriguing journey into the mysterious world of sunbazing. Other films in our lineup include, *The Minutemen*, *Ghostbusters*, *A Long Haul*, *Gabi on the Roof in July*, *The Prospects*, *Divorcing God*, *The Elephant in the Living Room*, *Facing the Fat*, *Special When Lit*, *Jeffie Was Here*, *Escape from New York*, *The Rock'n'Roll Dreams of Duncan Christopher*, and *Biker Fox*.

"A festival you can't miss." Eric Campos, Film Threat
